

MANUFACTURERS OF

Maximum Security Access Control Systems

SECURITY CONTROLS INC

P.O. Box 589 • Burbank, California 91503 • Victoria 9-3154

MARCH 12, 1965

ATT: T. NELSON, SYST. CONSULTANT

Gentlemen:

Enclosed find requested information on our Access Control Security Systems.

We now have available for immediate shipment five Access Control Security Systems that can meet your various Security Requirements.

First, we have the SecuritiCard Key Unit which gives admittance by the insertion of the coded SecuritiCard Key issued to authorized persons. These Units can be mastered or sub-mastered to solve your particular problem.

Second, we have the SecuritiCard Key Unit with Weatherproof Housing for Chain Link Fence, or other type gates.

Third, we have the Securiti-Panel, which gives admittance by pushing a series of mental code buttons in the right sequence. These buttons can be programmed individually with jacks to give millions of combinations.

Fourth, we have the Securiti-Panel with SecuritiCard Key Interlock that will not operate until SecuritiCard Key is correctly inserted and the correct sequence of mental code buttons have been pushed downward, and

Fifth, we have the Securiti-Booth, which we feel is the ultimate in Security for Access Control. It uses interlock doors and mental code buttons as well as SecuritiCard Keys, thus permitting entry of only one person per Door Opening.

These Units are on a Month-to-Month rental basis, billed Quarterly at end of Quarter, as follows:

SecuritiCard Key Unit.....	@ \$ 10.00 per month
SecuritiCard Key Unit with Weatherproof Housing, for Chain Link Fence, or other type gates.....	@ 15.00 per month
Securiti-Panel.....	@ 15.00 per month
Securiti-Panel with SecuritiCard Key Interlock....	@ 25.00 per month
Securiti-Booth.....	@ 150.00 per month

SecuritiCard Keys, Individually Numbered, with

Standard Printing are as follows:

Laminated -- 50¢ each

Enclosed in Plastic Envelopes -- 35¢ each

Special Printing is \$25.00 additional; User supplies "Cuts" if required.

These Units are unconditionally guaranteed and will be replaced immediately if ever defective.

Sincerely,

SECURITY CONTROLS, INC.
